

responsibility for administering its revolving fund and must take on certain specific responsibilities in carrying out its administrative duties. The information collection activities will occur primarily at the program level through the Capitalization Grant Application and Agreement / Intended Use Plan, Annual Report, State Audit, and Financial Assistance Application Review.

The State must prepare a Capitalization Grant Application and Agreement that includes an Intended Use Plan (IUP) outlining in detail how it will use the program funds. The agreement is an instrument by which the State commits to manage its revolving fund program.

The State must agree to complete and submit an Annual Report on the uses of the fund. The report will indicate how activities financed will contribute toward meeting the goals and objectives and provides information on loan recipients, loan amounts, loan terms and project categories of eligible costs.

The State will conduct or have conducted a financial audit of its CWSRF program. The audit report will contain an opinion on the financial statements of the CWSRF, a report on its internal controls, and a report on whether the compliance requirements have been met.

Since the States provide assistance to local applicants, the States will review completed loan applications and verify that proposed projects meet all applicable Federal and State requirements.

EPA will use the Capitalization Grant Agreement and Application / Intended Use Plan, Annual Report, and Annual Audit to conduct its oversight responsibilities as mandated by the CWA.
